PROFESSIONAL SUMMARY

Frontend Developer with 5+ years of experience building web and mobile applications with JavaScript, React, Next.js, and React Native for companies in Spain and Argentina, from design to production. I currently combine development with my role as Systems Manager at ST Group, giving me an end-to-end view of product, business, and infrastructure.

EXPERIENCE

Systems Manager | ST Group 📍 Buenos Aires, Argentina 📅 Jan 2026 – Present

- Lead IT operations for 5 corporate clients, including +Vida and Román Servicios.
- Manage end-to-end infrastructure: servers, networks, CCTV systems, backups, and software licensing.
- Define and enforce cybersecurity, backup, and incident recovery policies.
- Audit and document IT infrastructure, and deliver custom software solutions for each client.

Frontend & Mobile Developer | Flechabus / Buspack · Freelance 📍 Argentina 📅 Jul 2023 – Present

- Designed (UX/UI) and built from scratch a driver app with React Native and Expo, featuring ticket scanning, passenger management, and real-time trip tracking.
- Develop new features and refactor the parcel delivery platform using React, Next.js, Node.js, and Docker.
- Provide ongoing support, maintenance, and production deployments for both applications.

Frontend Developer | Hetmo Informática 📍 Remote, Spain · Full-time 📅 Aug 2023 – Sep 2026

- Developed and continuously improved the core application using JavaScript, React, and Next.js.
- Led development of the first mobile version of the product quotation platform.
- Built external productivity-tracking applications for client companies, deployed on Vercel.

Frontend Developer | Vidual · Freelance 📍 Remote 📅 Apr 2023 – Aug 2023

- Built from scratch a service marketplace platform with real-time chat and a user review system.

Frontend Developer | Laboratorio Córdoba · Freelance 📍 Remote 📅 May 2022 – Apr 2023

- Designed, developed, and deployed a web portal for managing medical tests, appointments, and clinical results.

Frontend Developer | NetGlobal Solutions 📍 Remote, Argentina · Full-time 📅 Aug 2021 – Apr 2022

- Delivered new features, mobile UX improvements, and unit tests (Jest, React Testing Library) for a CRM platform.
